PROCURE RIGHT

Smarter Purchasing. Lower Costs. Better Suppliers.

Bahrain-based procurement support for SMEs and growing businesses

Your purchasing should work for your business — not against it.

Many SMEs buy regularly without having time to benchmark prices, negotiate properly, review supplier performance or build a structured purchasing process. Procure Right provides practical procurement support without the cost of employing a full-time procurement team.

WHAT WE DO

SERVICE	HOW WE HELP
Spend & Cost Review	Review purchasing patterns, identify price gaps and highlight practical savings opportunities.
Supplier Sourcing	Find, compare and shortlist suitable suppliers based on price, quality, reliability and requirements.
Quotation & Tender Support	Prepare RFQs, compare quotations and create clear commercial comparison reports.
Negotiation Support	Support supplier negotiations on pricing, payment terms, delivery and commercial conditions.
Supplier Management	Help establish supplier records, performance measures and basic supplier review processes.
Procurement Process Setup	Build simple purchasing procedures, approval flows, templates and controls suitable for SMEs.

WHO WE SUPPORT

Cafés & restaurants • Retailers • Clinics • Salons • Training centres • Professional offices • Contractors • E-commerce businesses • Startups • Other SMEs

FLEXIBLE ENGAGEMENTS

Procurement Health Check — a focused review of your current purchasing and supplier arrangements.
Project Support — sourcing, RFQs, negotiations or a specific procurement project.
Monthly Procurement Support — ongoing assistance without the cost of a full-time procurement department.

WHY PROCURE RIGHT?

Independent perspective • Practical SME-focused approach • Data-driven comparisons • Clear recommendations • Flexible project or monthly support • Confidential handling of commercial information

START WITH A PROCUREMENT HEALTH CHECK

Share a sample of your recent purchases or supplier quotations. We identify where procurement may be costing you more than necessary and outline practical improvement opportunities. Initial discussion available at no obligation.
